

Take control of your health and dependent care spending and saving.

This guide gives you an overview of Disney's tax-advantaged account options with Optum Bank as well as resources you will have available as an account holder.

As the market leader in health savings accounts (HSAs) in the United States, Member of the Federal Deposit Insurance Corporation (FDIC), Optum Bank is uniquely positioned to help Disney employees and Cast Members maximize your health care dollars.

We are excited to have the opportunity to connect you with a better health care account experience. To learn more, please visit optumbank.com/disney.

Welcome.

Your tax-advantaged account options

Based on what medical plan option you choose during enrollment, you have access to a variety of account options, including:

- Health Savings Accounts, or HSAs
- Health Reimbursement Accounts, or HRAs
- Flexible Spending Accounts, or FSAs

And, you can enroll in the Health Care OR Dependent Day Care Flexible Spending Account whether or not you are enrolled in a Disney medical option.

Available accounts.

HSA overview

- **What is it?** A Health Savings Account (HSA) is funded with income tax-free* dollars from Disney and your own contributions. You can use the funds to pay for eligible health care/medical expenses for you and your eligible tax dependents, even if they are not eligible for or enrolled in your Disney benefits. When you enroll in Disney's Consumer Choice medical plan option, an HSA is automatically opened for you.
- **Benefits.** You get to use tax-free, Disney-provided dollars to pay for your qualified medical expenses.
 - You can have both a Dependent Day Care FSA and Limited Purpose HRA at the same time as an HSA.
 - You get to save on taxes because money contributed reduces your taxable income.
 - With an HSA, you don't have to submit documentation each time you use your account, but you should save your qualified medical expense receipts online at optumbank.com/disney or in the Optum Bank app.
 - You can choose to invest any part of your HSA balance that exceeds \$2,000.

How HSAs work

1. You can contribute up to the annual IRS limit, including both your contributions and Disney contributions.
2. Use the money to pay for qualified medical expenses for you and your tax dependents.
3. Your HSA balance rolls over year-to-year and is always yours, whether you stay with Disney or switch employers.

Here's how you can save on taxes by contributing to an HSA:

If you contribute \$2,000 to your HSA**
to cover out-of-pocket costs toward your health plan deductible

Federal tax at 25%** Payroll tax at 7.65% State tax at 5%**

HRA overview

- **What is it?** A Health Reimbursement Account (HRA) is opened and funded by Disney with the wellness rewards that you and your enrolled spouse or domestic partner earn. You can use the funds to pay for eligible out-of-pocket health care expenses for you, your spouse and your tax dependents, even if they are not eligible for or enrolled in your Disney benefits.
- **Benefits.** You get to use income tax-free, Disney-provided dollars to pay for your eligible health care expenses. You can have both a Health Care FSA or Dependent Day Care FSA and an HRA at the same time.
- **Note:** You cannot make any additional deposits to this account. However, your HRA balance rolls over year-to-year as long as you work for Disney.

How HRAs work

1. Disney opens and deposits money into your HRA.
2. Use the money to pay for eligible health care/medical expenses for you, your spouse and your tax dependents.
3. Your HRA balance rolls over year-to-year. If you leave the Company, you have access to the funds in your HRA until the end of that calendar year, after which any balance is forfeited.

FSA overview

- **What is it?** A Flexible Spending Account, or FSA, lets you set aside money from your paycheck (before taxes) to help pay for eligible out-of-pocket health or dependent care expenses.
- **Benefits.** An FSA can help reduce your income taxes and increase your take-home pay.
- **You've got two FSA options with Disney:** You can contribute to a Health Care FSA and/or a Dependent Day Care FSA, whether or not you are enrolled in a Disney medical plan.

A Health Care FSA reimburses you for eligible health care expenses for you and your eligible dependents. Eligible expenses include medical, dental, vision, hearing and prescription drug expenses. You can also use the FSA funds to pay for copays, coinsurance and over-the-counter (OTC) items.***

A Dependent Day Care FSA reimburses you for eligible child and adult care expenses, including day care, before and after school care, nursery school, preschool and summer day camp, or care for an aging parent to enable you to work.

How FSAs work

1. Estimate your medical or child/adult care expenses for the upcoming calendar year.
2. Decide how much money to contribute, up to the IRS limit.
3. Enroll during your benefits enrollment time.
4. Money will be set aside from each paycheck, based on the annual amount you elect, divided over the number of paychecks during the year.
5. Pay for eligible health care expenses or child/adult care expenses.

* Please note that not all states provide favorable income tax treatment for savings and reimbursement accounts.

** Illustrative example which assumes a 25% tax bracket and 5% state tax rate in a tax-exempt HSA state. State tax treatment of HSAs varies. Go to optumbank.com or consult your state's department of revenue to find out more. Example assumes no withdrawals from the account. Results and amounts will vary depending on your particular circumstances.

*** You will need a written prescription for OTC drugs and medicines.

Amy participates in the **Disney Wellness Rewards Program**. This year Amy met all of her health goals, so she earns **\$300**, which Disney puts into her HRA. Her HRA dollars roll over year to year.

After seven years of earning wellness rewards, Amy has **\$2,100** in her HRA, which she uses for Lasik eye surgery. Amy spent \$2,000 for the procedure and still has **\$100** to roll over for future use.

Jill predicts she is going to spend \$2,500 in her FSA ...

Jill spent \$2,400 from her FSA and had \$100 left over. Since her FSA has a “use it or lose it” rule, Jill forfeits the remaining \$100 but still has a net savings of \$841 in taxes. (**\$941 tax savings - \$100 forfeited = \$841 total savings**)

Mark contributes **\$3,000** a year to his HSA. Since he covers his family on his medical plan, Disney contributes an **additional \$1,000** per year to his HSA, for a total contribution of \$4,000. In 25 years, he will have saved **\$37,650** in taxes.

Mark also contributes **\$5,000** into a dependent care FSA for his son’s daycare. This saves him an **additional \$1,882** per year in income taxes.

Hypothetical examples are for illustrative purposes only and assume a 25% federal tax bracket, 7.65% FICA and a 5% state tax bracket in a state that does not tax HSA contributions. Results and amounts will vary depending on your particular circumstances.

Let's get you enrolled.

STEP 1

Review your expenses for health and dependent care last year. Think about what you expect to spend next year. This will help you consider which medical option and account combo will work best for you. This will also help you decide how much you should contribute.

STEP 2

Decide which medical option will work best for you. Need some help? Check out the ALEX tool, which is part of your enrollment. Remember, the medical option you choose will determine which account(s) you can have.

STEP 3

Enroll in your 2021 Disney benefits. Go to **Benefits.Disney.com**. Or, call the Disney Benefits Center at 1-800-354-3970.

STEP 4

Welcome kit(s) will be mailed after your account(s) are opened. When you enroll in a Disney medical plan option, your HSA or HRA accounts will automatically be opened for you by Disney. If you already have a current HSA or HRA through Disney, a new account will not be created. You can separately enroll in the Health Care or Dependent Day Care FSA during annual enrollment.

Wondering about your Disney Commuter Assistance Benefit?

Disney Commuter Assistance offers an opportunity to save on transit, ride sharing and parking expenses. You can elect to set aside a portion of your pay as pre-tax dollars, as long as you use those funds to pay commute-related expenses. To find information and enroll, please visit **Disneycommuterassistance.com**.
