

## Eligible health care expenses for your HSA, FSA or HRA

Under your Disney benefits, you can pay for eligible health care expenses with tax-free dollars from your Optum Bank Health Savings Account (HSA), Health Care Flexible Spending Account (FSA) or Health Reimbursement Account (HRA). With an HSA or FSA, you contribute to the account through pre-tax payroll deductions. With an HRA, Disney makes a one-time contribution to help offset increases in medical plan costs for 2021. Disney also adds a Company contribution **as well as the one-time contribution to offset increases in 2021 medical plan costs** to your HSA account. You can use these accounts to pay or be reimbursed for eligible out-of-pocket health care/medical expenses that are not covered by insurance or another benefit.
